

BEST Standards Training (3 hrs)

MyPD Section # 21383

This digital training will feature several short videos (not 3 hours worth!) highlighting various aspects of the new BEST Standards that are organized in the following categories:

- General Overview
- Benchmark Coding
- Vertical/Horizontal Progression
- Fluency & Automaticity
- Mathematical Thinking & Reasoning Standards
- BEST Instructional Guides
- Transition Documents

Teachers can visit this training as many times as they wish and view any selection of videos they find useful and use them to help them explore their new standards. To receive PD credit for the course, a short quiz at the end of the course will need to be successfully completed.
