49 The tables show the number of candles Rou and Moe include in the gift bags they are creating for a party.

Rou				
Number of Candles		6	12	
Number of Gift Bags	1	2		8

Moe				
Number of Candles		10	14	18
Number of Gift Bags	1		7	

Who puts more candles in each gift bag? Explain.

- (A) Moe puts more candles in each gift bag. If I fill in the missing values in the tables I see that Rou puts 2 candles in each gift bag and Moe puts 3 candles in each gift bag.
- (B) Moe puts more candles in each gift bag. If I fill in the missing values in the tables I see that Rou puts 3 candles in each gift bag and Moe puts 6 candles in each gift bag.
- (C) Rou puts more candles in each gift bag. If I fill in the missing values in the tables I see that Rou uses 24 candles to make 8 gift bags and Moe uses 18 candles to make 8 gift bags.
- (D) Rou puts more candles in each gift bag. If I fill in the missing values in the tables I see that Rou puts 3 candles in each gift bag and Moe puts 2 candles in each gift bag.
