

Online Textbook Training (3 hrs)

MyPD Section # 21637

This digital training will feature 2 videos that outline the print and digital components of McGraw Hill Reveal Math.

- Initial Training 101: Print Resources
- Initial Training 102: Digital Resources

Teachers can visit this training as many times as they wish and view any selection of videos, they find useful and use them to help them explore their new textbook. To receive PD credit for the course, a short quiz at the end of the course will need to be successfully completed.
