

Quick Start Guide

These six easy steps will help you access the information and materials needed to successfully deliver Modern Woodmen's MoneyMasters Financial Literacy Program. By registering you will gain access to the digital modules, lesson plans and other supplemental resources.

Step One: Click on the link in the email.

Locate the email invitation sent by your local Modern Woodmen representative. (An invitation from a local Modern Woodmen representative is required.)

Step Two: Review the teacher resources.

The [Teacher Resources](#) section contains the Leader (Teacher) Guide and Curriculum Guide. The Curriculum Guide provides a description of each lesson, lesson objectives, Common Core State Standards and Jump\$tart national standards. This area does not require registration.

Financial Education Content

Teacher Resources

This section contains a Quick Start Guide, Leader (Teacher) Guide and Curriculum Guide. The Leader Guide summarizes the structure and primary activities included in each lesson plan. The Curriculum Guide provides a description of each lesson, lesson objectives and Jump\$tart National Standards in K-12 Personal Finance Education.

Step Three: Create a log-in.

1. Find the appropriate program (grade) level for your students.
2. Click on "Get Started."
3. Click "Login with Email Address."
4. Select "Register" and follow the steps to create your log-in credentials.

Once registered, use the same link from the invitation and your log-in credentials to access the content each time you access the program site.

Grades 3-5: Offline Resources

Welcome to the Teacher Resource Center!

Use the links below to find downloadable resources for teachers, to accompany the 3-5 digital modules.

[Offline Lesson Plans, Worksheets, and Activities](#)

Exit →

Step Five: Explore the digital modules.

After reviewing the offline material, familiarize yourself with the digital modules. To access the digital modules, click on the link next to “Share this link with your students.” You can find the link by scrolling to the bottom of the page where the offline resources are found. A picture of your donating rep and his or her contact information should appear as well.

Step Six: Share the digital modules with students.

Once you are ready to deliver the curriculum, share the link with your students. The link can be copied and sent to students or displayed for students to retype. *Students do not register on the site. And we do not collect any personal identifiable information about students.*

Each lesson begins with a digital module and continues with instructor-led lessons available in the offline resources you downloaded. The Leader Guide provides more details about how to use the offline resources.
